Southern Exposure

The History of Narcotics Anonymous in Florida & Beyond

Paperback Edition \$15.00 each

TYPICAL QUESTIONS & ANSWERS

Is this book conference approved? - No - this is not NAWS approved literature, nor do we purport it or need it to be. It was reviewed and approved by the areas in the Florida Region. The material in essence falls under the same category as such as *The N.A. Way* or other fellowship newsletters.

Why did the Florida Region print a formal book? - A few years ago, NA World Services asked each region to compile a history of their region in preparation of the 50th Anniversary of N.A. and the 30th World Convention. Florida accomplished this goal and decided to print it formally setting the bar high for other regions.

Where does the money go? - The Florida Regional Service Office, Inc. is the fiduciary arm of the Florida fellowship and holder of the copyright. Therefore, the Florida RSO receives any and all funds from the sales of this book on behalf of the fellowship. This means all funds stays within the fellowship for services.

Most other questions are answered in the book itself. See the Disclaimer, Notes From The Committee, Preface and Introduction sections in the book
